MICHIGAN SAFETY CONFERENCE
2210 Park Avenue
Detroit, Michigan—WO 5-2200

Greetings . . .

No effort has been spared to make this year's Conference one of the most outstanding ever sponsored. Committee members have worked long and hard planning meetings and obtaining competent speakers on practical subjects pertaining to the prevention of accidents.

As you may have noted, the theme of this year's Conference is, "TAKE DIRECTED STEPS TO SAFETY." All sessions of the Conference are beamed to this theme. It is felt subject matter of Divisional sessions is such that each delegate will be able to take away a wealth of practical knowledge.

No effort has been spared, too, to make the quality of the Exhibition of safety and allied products as high as possible. Exhibitors are anxious to show you the latest in accident control aids. Take advantage of their expert knowledge and spend some time with them . . . TAKE DIRECTED STEPS TO SAFETY.

GEORGE A. JACOBY,
President,
Michigan Safety Conference, 1954.

Speaker—The Honorable Judge John D. Watts, Traffic and Ordinance Division, Detroit Recorder's Court.

Judge John D. Watts has served as one of Detroit's two Traffic Judges for the last nine years. His Court work has earned for him a reputation as a firm and impartial jurist. As a crusader for traffic safety he implements Traffic Court policy by means of radio, television and personal appearances. Thousands of citizens who have never come before his Court know him from his popular television show which simulates actual cases in the interest of reducing traffic accidents.
