Happy 90th (version 2.0) Anniversary **MICHIGAN SAFETY CONFERENCE!** As that baseball great Yogi Berra once said "It's like déjà vu all over again". As if the Spring of 2020 never happened, the 90th celebration will now take place in April, 2021, as a VIRTUAL experience for the first time ever! In keeping with our "rinse and repeat" philosophy, all officers and board members have agreed to retain their roles and positions in the coming year — thank you!

The COVID-19 virus of 2020 has thrown all the norms into a whirling mixer of cancellations and changes to many of the traditions and expectations in our lives, including the annual **Michigan Safety Conference**. In deciding to cancel the 2020 conference and making 2021 Virtual, we did so **FOR THE RIGHT REASONS**; the protection and safety of our volunteers, vendors, speakers and attendees. Never losing sight of our core mission to educate and support safety and health professionals, the

virtual conference follows a proud tradition of embracing technology and adapting to accommodate current circumstances as we did during the Great Depression and World War II.

Ours is a noble profession though one not usually punctuated with accolades, awards or financial riches. No one will erect a statue to us or perhaps our names will not be remembered. So why do we do it? **FOR THE RIGHT REASONS**. We are the force that bends management will to a beneficial course of action; that encourages and protects the workers. For us the reward is creating a workplace that sends everyone home intact to enjoy the wonderful moments that give our lives meaning.

In line with the growing safety movement which advocated for safe and humane working conditions, the **Michigan Safety Conference** has played an important role by providing education and support for safety practitioners in Michigan. The Conference from the onset, aligned itself with 20th century safety organizations such as the National Council of Industrial Safety (NCIS) established in 1913, OSHA, Michigan OSHA in the 1970s as well as the philosophies of notable safety and working condition pioneers such as Alice Hamilton (chief medical examiner for the Illinois State Commission of Occupational Diseases) in the early 1900s and Frances Perkins (Secretary of Labor 1933–1945).

It is my distinct honor and pleasure as President of the **Michigan Safety Conference** to invite you to attend the 90th (version 2.0) Virtual Conference designed for the Safety, Health and Environmental professional to support and sustain the crucial work you perform every day **FOR ALL THE RIGHT REASONS**. A reward and acknowledgement for those late nights of research and documentation, for agonizing over the creation of meaningful education and training programs, for the hours of continuing education and yes, the anguish and second guessing after a serious accident.

The Virtual Conference will offer the usual slate of quality educational programs with the option to interact with the instructors. Vendors will be front, center and celebrated with both live and recorded viewing available of the latest in safety and health products and services. Networking rooms are part of the platform where attendees can exchange ideas, solutions and contact information in Real Time. Further, since sessions are recorded, attendees have the luxury of viewing or re-viewing even more programs at their discretion and on their schedule. CEUs will also be offered.

Please join me in celebrating 90+ years of the **MICHIGAN SAFETY CONFERENCE FOR ALL THE RIGHT REASONS!**

Ethics & Implicit Bias (Diversity) Training

Monday, April 12, 2021 VIRTUAL PLATFORM

SPEAKER: Ercell Charles, Mentor Performance Systems

1:00 PM – 2:00 PM

ETHICS WORKSHOP — ETHICS: LEADING FROM THE INSIDE-OUT

As the world becomes more complex and technical each day, the ability to align to organizational and individual values and morals become more important. What organizations do each day becomes part of their daily processes, how they accomplish these things and work together becomes their principles which founded on their ethics. This workshop takes a deeper look into how ethics, morals and values play a significant role in an organization's success.

2:00 PM – 3:00 PM

DIVERSITY & INCLUSION WORKSHOP: THE RULES & TOOLS OF DIVERSITY & INCLUSION

Diversity is any dimension that can be used to differentiate groups and people from one another. In a nutshell, it's about empowering people by respecting and appreciating what makes them different, in terms of age, gender, ethnicity, religion, disability, sexual orientation, education, and national origin. Inclusion is the sense of belonging, inclusive cultures make people feel respected and value for who they are as an individual or group. This workshop focusses on the "rules" and the "tools" needed to create an organization that embraces diversity and inclusion culture.

Virtual Platform Need-to-Know

REGISTRATION ENDS ON APRIL 12, 2021

There is no registration on the day of the event.

REGISTER ON OR BEFORE 3/26/2021:

One day = \$140/person · Two Days = \$165 per person

REGISTER AFTER 3/26/2021:

One day = \$155/person · Two Days = \$180 per person

Full details can be found on the last page of this booklet.

Each person needs to register with a unique email address in order to access the virtual platform. The log-in code you will receive in early April will be unique to you. *Please do not share it.* Your CEUs will be tied to this unique email.

You will need to download the **Michigan Safety Conference Mobile App** from the app store. All CEUs must be recorded in the mobile app in order to receive credit (no paper forms). You will receive the CEU check-in code for each class at the end of each virtual class.

Bonus: Most classes will be available to view and earn credit for 2 weeks after the event. Check the Quick Reference grid to find out which ones won't.

If you register, you will receive a User Guide in early April, or you can attend one of our zoom training classes that will also take place in early April to help you get the most out of your virtual platform and mobile app experience.

You will learn:

- How to access the virtual platform
- How to update your profile
- How to use the chat (both during sessions and on the main stage)
- How you can find people
- How to send messages
- How to take polls
- How to navigate throughout the event
 - main stage
 - sessions
 - tradeshow
 - lounges
- How to win cash by visiting the most exhibit booths
- What's in the career center
- How to get HELP!

We have partnered with Motown Digital, a Michigan Company, and HopIn Virtual Meeting Software to bring this important event to you.

CEU Information

NEW IN 2021, ALL CEUs WILL NEED TO BE APPLIED FOR DIGITALLY THROUGH THE EVENT MOBILE APP

When you log in to create your profile on the mobile app you will need to choose whether you would like to receive:

- CEU — General Email Certificate
- CEU — Formal Grand Valley State University Certificate
- CEU — Wastewater Certificate

You must choose "Yes" or "No" to each. Then you will need to check-in on the mobile app for each class that you attend. (The room monitor will give you the check-in code at the end of each class).

CSPs

The Board of Certified Safety Professionals will allow one credit towards maintenance of certification for a two-day attendance at the Michigan Safety Conference. A half credit can be earned by attending one day. CSPs will be responsible for documenting their own attendance.

CIHs

Certified Industrial Hygienists can earn CM points at a rate of a) claim 3 hours for each half day of attendance, or b) 0.167 CM point per each hour of technical content in the CM areas of IH, Safety, or IH Ethics (if ethics course offered). Fractional points are allowed once the one-hour minimum is achieved for IH or Safety events (e.g. 1.5 hrs = 0.25 CM point). *Excludes* the non-technical portions such as generic welcome speeches, participant introductions, breaks, meals, networking, exhibitor time, roundtables or discussions with unspecified topics, and/or social tours.

CONTINUING EDUCATION UNITS — GENERAL

All divisions will offer CEUs through Grand Valley State University for attendance at their programs.

CHSPs

The International Board for Certification of Safety Managers will recognize one contact hour of continuing education for each one-hour break-out session for the CHSP designation.

NREPs

Individuals certified by the National Registry of Environmental Professionals are allowed to apply CEUs obtained through documented attendance at the Michigan Safety Conference to NREPs continuing education requirements.

CRSPs

BCRSP has awarded attendance at the Michigan Safety Conference 1.0 CMPs. Call the headquarters office to obtain the CMP approval code. MCPs are accrued by Canadian Registered Safety Professionals who are certified by the Board of Canadian Registered Safety Professionals.

DIPLOMATE ENVIRONMENTAL ENGINEERS

The American Academy of Environmental Engineers will recognize participation in the Michigan Safety Conference as a legitimate continuing education activity for its Diplomates (certified engineers).

PROFESSIONAL EMERGENCY MANAGER (PEM)

The Michigan State Police, Emergency Management and Homeland Security Division will accept a certificate of attendance from the Michigan Safety Conference for the "Attend a Relevant Conference" Annual Continuing EM Participation credit, for the Professional Emergency Manager designation.

WASTEWATER CECs

The State of Michigan, Department of Environmental Quality will recognize .1 CEC per class attended (up to one total over two days). To obtain the certificate, select Wastewater CEU on the mobile app when you log in to your profile, and then be sure to check-in on the mobile app for each class you attend.

VIRTUAL EXPERIENCE

8:30 AM – 10:00 AM (1 hr CEU Credit = .16)

Steve Newell, ORCHSE

How do We (the safety and health profession) Stay Relevant and Effective in a Constantly Changing and Increasingly Demanding Business World?

We are undergoing a renaissance in safety and health thinking, grounded in emerging concepts around fatal and serious injury prevention and human and organizational performance. Steve will outline the concepts and share how companies are integrating and practically applying them in their ongoing operations.

Steve believes that the profession needs to do a better job of getting and staying empowered to do the work that needs to be done. He will help us better understand the business and our place in it. Learn to break the cycle of being viewed as a cost to be minimized instead of a value generator and process enabler.

REGISTRATION NOTICE:

When you register for a particular day, your login will get you in to any and all sessions and the exhibit hall for that day.

** All classes are eligible for CEU credit except for student programming.*

Michigan Voluntary Protection Program Mentors' Meeting

Monday, April 12, 2021

VIRTUAL EVENT

9:00 AM – 2:00 PM

FACILITATORS: Doug Kimmel, MVPP Specialist and Sherry Scott, MVPP Manager

Interested in the Michigan Voluntary Protection Program (MVPP), MIOSHA's premier safety and health management system award program, and want to learn more about it?

Consider attending the semi-annual MVPP Mentor's meeting. These meetings are usually only open to representatives of MVPP sites but this is your chance to observe. The meeting will cover the happenings within the VPP at the national level and in Michigan.

Participants can observe the meeting and ask questions afterward via the virtual platform.

Support Students

Through our scholarship program, **Michigan Safety Conference** provides financial assistance to students enrolled in occupational safety and health curriculum at colleges and universities in our state. To-date, we have donated over **\$330,250.00** to Michigan students.

We have enhanced our Scholarship and Grant Program by initiating a Minority Student Educational Grant intended to encourage diversity among students studying occupational health and safety in Michigan. The Program will provide two educational grants annually to qualified minority candidates.

Support Michigan students by donating to the MSC scholarship fund.

A LOOK BACK AT OUR BEGINNING...

The Olds Hotel in Lansing was a safe place to be on April 11, 1928. A group of safety minded individuals founded the first Safety Conference. Mr. Clarence Bement of Novo Engine Corporation was the first president. Safety seminars were held and safety products were displayed. Lehigh Safety Shoes was a first year exhibitor. The following year, the conference was held in Detroit with Frank Morrison of Chrysler Corporation as president. The conference stalled during the depression but resumed in 1937.

Gen. A.H. Waitt's program in 1943, "If Gas Warfare Comes" was a sign of the times. The 1945 Conference was cancelled due to the war. When the conference resumed, it alternated sites between Detroit and Grand Rapids. In 1961, it found a permanent home at the Lansing Civic Center. By 1947, the event was officially "The Michigan Safety Conference" and was free (lunch was \$1, which included tax and tip).

Since our first safety conference in 1928, many things have changed, but the need for safety education and training has remained a consistent part of Michigan industry. We are lucky to have had so many safety professionals/experts willing to donate their time to this noble cause. We stand on the backs of giants, as one of our volunteers has been known to say!

MIOSHA TRAINING INSTITUTE

Have you heard of the MIOSHA Training Institute (MTI)?

MTI provides a wide range of seminars and workshops throughout the state directed toward improving and advancing safety and health in the workplace. MTI delivers affordable, consistent, participant driven, and informative seminars and workshops. There are also many MTI scholarship opportunities available to assist you with the cost of training. Congratulations to the 225 MTI graduates in 2019 and 84 MTI graduates in 2020!

ACHIEVE LEVEL 1 CERTIFICATE FASTER!

If you've recently obtained your OSHA 10- or 30-hour card, you can now use it to receive credit for the MIOSHA 10-hour course.

SAVE \$\$\$ ON COLLEGE TUITION!

MTI Level 2 Safety and Health Management Systems certificate holders now have the opportunity to earn a Bachelor of Science degree in Environmental Health and Safety (EHS) from Oakland University through the MTI to B.S. EHS completion program.

To learn more about MTI including scholarship information or the MTI to B.S. EHS Degree Completion Program at Oakland University, call the MIOSHA Consultation Education and Training (CET) Division at 517.284.7720 or visit www.michigan.gov/mti.
