

“Free Powerpoint Ad”

To help feature the exhibitors at the 2023 Michigan Safety Conference, we will compile a Powerpoint presentation that will play in the classrooms before each session starts, as well as in the exhibit hall. **Each exhibiting firm will be represented in the slide presentation.**

We ask that each exhibitor prepare their own slide, following the parameters below:

- standard size Power point slide (powerpoint or PDF format-one slide).

- color or black/white permitted.

- no links, video streams, or sound available.

- due to the MSC headquarters office **no later than March 15, 2023**. Email to: denise@michsafetyconference.org.

- include “MSC Exhibitor Powerpoint” in the subject line of your email upon submission.

If you can’t prepare your own slide, the Michigan Safety Conference office will prepare one for you at a cost of \$200.

Please email Denise McGinn, MSC Executive Director, if you need assistance at denise@michsafetyconference.org.

Questions? Call 517-203-0737.
