

WORLD CLASS HEALTH & SAFETY EVENT

Michigan Safety Conference

APRIL 15-16, 2025 • LANSING CENTER, LANSING MI

BEVERLIE COTE, CSP

Beverlie has 20 years of experience in environmental, health and safety within automotive, food manufacturing, agriculture, education Japanese and Chinese companies and life sciences. She has directly reduced incident rates and improve communications, corrective action follow-up and employee engagement in the execution of safety programs throughout these industries. Coming from the client side has given Beverlie the unique viewpoint on how best to serve their needs through Hylant and its carriers. As a Risk Advisor, Beverlie partners with commercial clients in strategic casualty loss control by

reviewing the client's loss history and developing actionable objectives and goals to improve their program and systems. This is completed by determining risk root causes, brainstorming practical mitigation solutions, and sharing best practices to improve workplace safety culture. This process also includes reviewing current loss

control systems to evaluate continuous improvement initiatives in an effort to increase workplace efficiency. Beverlie is currently involved with the American Society of Safety Professionals, Women in Safety Excellence and holds a position as a Michigan Safety Conference Division Chair. She is also part of the Boy Scouts of America as a Pack Treasurer and Advancement Coordinator.
